Answer the following question after reading the previous 2 pages and the following 4 pages.

Miu, Chika, and Nobue are 2km away from the bar. This is 1.4km away from Matsuri and Ana.

At 1:00PM, Nobue sets off from point A by motorbike at 600m/minute. Miu and Chika travel at 150m/minute. Matsuri and Ana walk at 70m/minute. All of them are heading towards the bar at C.

Nobue meets Matsuri and Ana on the way, and they ride the motorbike together.

When does Nobue's group arrive at the bar? What time do Miu and Chika arrive at the bar by bike?
